Abnahmeprüfungszeugnis DIN EN 10204.3.1
 Certificat De reception
 Certificado di collaudo
 Keuringsrapport

Batch Number	240704	Product Name	Bycotest D30 plus Aerosol
Date of Manufacture	24/06/2024 25/06/2024	B.B.E.	06/2027

Specification: Test Results

Sulphur and Halogen levels according to ASME B&PV Code Section V.

We are accredited to EN ISO 9001: 2015

Test	Section	Limit	Result
Appearance	6.1 in EN ISO 3452-2	Equal to	Passed
Re-Dispersion	6.16 in EN ISO 3452-2	Equal to	Passed
Developer Performance	6.15 in EN ISO 3452-2	Equal to	Passed
Halogen Content	ASME BPVC Code Section V	<1000ppm	160ppm
Sulphur Content	ASME BPVC Code Section V	<1000ppm	21ppm

Notes:

- Our batch number appears on the label of bulk containers. Aerosols have batch numbers printed on bottom of the container.
- Most specifications require test results stated in percent, but some require parts per million (ppm). To convert "percent" figures to "parts per million" move the decimal four places to the right.
- MIL-STD-271, MIL-STD-2132 and ASME Sec V, all require that materials be subject to a procedure to evaporate off volatile solvents before analysis for Sulfur and Halogens. According to these specifications, only those residues higher than 0.005 g/100ml shall be analysed for Sulfur and Halogens. Lower residues shall be reported.
- The above certification gives the results obtained at the time of manufacture. Age and use may alter the properties of any material.
