MAGNAFLUX

Certification

Product Name	**Sono 600**	Batch Number	**26L086**
Date	**11/25/2026**	Best By Date	**11/2031**
Classification	**Ultrasonic Couplant**	Purchase Order	

It is hereby certified that when tested at the time of manufacture, the above listed material and batch number meets the requirements of and has been tested for Sulfur and Halogens according to:

- ASME Boiler and Pressure Vessel Code, 2007-2025 Edition, Section V, Non-destructive Examination.

Specification: Ion Testing Results

Test results obtained were as follows:

Test	**Result ppm**
Sulfur Content	<10
Halogen Content (Cl+F)	<10

It is further certified that this material does not contain mercury as a basic element and that no mercury bearing equipment has been used in its manufacture.

Notes:
1. Our batch number appears on the bottom of all aerosol cans and on the label of all bulk containers.
2. The above certification gives the results obtained at the time of manufacture. Age and use may alter the properties of any material.
